#### **171120/4. Public Speaking**

Cllr Ashton gave an update on the bollards on Oxford Street. The Derbyshire County Council (DCC) Project Engineer has discussed the issue with Amber Valley Borough Council (AVBC). The solution to help in the short term is to have four bollards, two at each end of Oxford Street, manually operated. These are to be installed as matter of urgency. AVBC, through the Covid 19 situation will raise the bollards at 10am and lower them at 4pm for the next three months, possibly extended until the end of March 2021. DCC are looking to find an alternative, permanent solution, possibly operated by CCTV. There are signs at the entrance to Oxford Street with the restriction warning on. Cllr Ashton said he hopes the person that was injured on Oxford Street recently by a car travelling down when the road was pedestrianised, makes a full recovery.

PC Sadler reported regarding the Oxford Street bollards that it is a grey area for the Police as the Police have to witness a vehicle moving down that road during the pedestrianised times. They can issue a £50 fine and have issued a number of fines but unfortunately, it cannot be monitored 24/7.

PCSO Mott suggested an ANPR system on Oxford Street to fine vehicles that go down Oxford Street between 10am and 4pm – like what the Coop in town have.

Cllr Freeborn responded saying number plate recognition is a worthy consideration. It badly needs the barriers replacing as a matter of urgency. He thanked Cllr Ashton for his efforts.

Cllr Wilson welcomed ideas of how Ripley Town Council can pass ideas and problems on to Ripley SNT as the Oxford Street bollards problem has been going on for too long.

Cllr Holmes mentioned the bridge on Nottingham Road. Security is now in place on the bridge since DCC have been carrying out work on it and there hasn't been any anti-social problems since then.

Cllr Mott responded saying that the Deputy Clerk has the contact details for the Ripley SNT should Councillors want to contact them.

PC Sadler said that Covid patrols are in place to ensure people don't break the Covid rules. There is a dedicated Police car for this purpose. It is frustrating for the Police because the rules and restrictions keep changing.
